anything you want

So if you want to drive a bargain... jet off on holiday... or do that DIY you've been putting off - call 0870 900 1345 now for an instant quote.

Ask for details of our Repayment Protection when you call. Loans are provided, subject to status, by ARG Personal Loans Limited, London Road, Preston PR11 1GH. Interest rates and repayments correct at time of going to press - please call for latest details. Written quotations are available on request.

Repayment Protection insurance: To qualify, you must be over 18, will not have reached the age of 65 by the final repayment date of the agreement, and in work. The Premium Rate is £150 per £1,000. As with all insurance schemes there are some limitations but these have been kept to a minimum (eg. If you have a pre-existing health condition, or certain employment patterns). Repayment Protection insurance is underwritten by St Andrew's Life Assurance plc and St Andrew's Insurance plc. For the purposes of this insurance, ARG Personal Loans Limited act as an agent of the insurer.

Elizabeth Duke

Discover our brand new range of jewellery and watches.

For our new season we bring you a fabulous collection of jewellery to suit all tastes and pockets, ranging from the funkiness of our sterling silver J-17 collection to the refined elegance of stylish white gold.

We also feature a vast selection of exciting watch brands for you to choose from.

Once again we bring you a line-up of great value prices to make that gift a perfect choice, whether it's for someone special or a special treat for you!

Our entire jewellery range is of the highest quality, guaranteed and hallmarked* - in fact we're so confident you'll be delighted with the quality of your purchase that we'll let you return it back to us within 16 days if you're not entirely happy.
(excluding earrings, personalised and body jewellery).

All our stores offer engraving, watch strap/watch battery replacement and a repair service for jewellery.

All our jewellery is presented to you in a gift box or pouch, and we can also offer our in-store gift boxes to make your purchases just that little more special.

when shopping with Elizabeth Duke please remember

sizes and availability Most ring sizes are available in store or available to order with 14 days delivery to store.

ring sizes The following measurements apply to all rings unless otherwise stated:

Ladies' ring sizes - H to V. Men's ring sizes - M to Z.
Silver ring sizes - J L N P and R.

bracelets The following measurements apply to all bracelets unless otherwise stated:

Ladies' bracelets - 17.8 to 19.1cm (7 to 7½ins).
Men's bracelets - 20.3 to 21.6cm (8 to 8½ins).

Please note that all weights, measures and lengths are approximate. Some products have been enlarged to show detail. Whilst we try to ensure accuracy of colour we cannot always guarantee an exact portrayal of items shown. Every care should be taken with fine pieces of jewellery and contact with water or perfume should be avoided.

*British Hallmarks - your guarantee of quality. All items of gold, except some small items such as earrings, come with a hallmark as follows:

The Sponsor's Mark

The initials belong to the article maker or sponsor.

The Fineness Mark

Certifies the quality of the gold and indicates its recognised carat value e.g. 375 is 9ct and 750 is 18ct gold.

Common Control Mark

A legally recognised and approved hallmark applied to articles by Assay Offices in the UK, Austria, Denmark, Republic of Ireland, Finland, Norway, Portugal, Sweden and Switzerland.

The Assay Office Mark

Shows the place where the gold was tested for quality. Birmingham has an Anchor, Sheffield a Rose, Edinburgh a Castle, London a Leopard and Dublin a Boujet.

Take time to discover our new superior range of diamond solitaires.

Experience at first hand their truly outstanding appeal and sparkling brilliance.

Colour, clarity and cut are essential factors to consider when choosing your diamond. To ensure their accuracy, all diamonds set into Elizabeth Duke 18ct certified diamond rings are meticulously checked and certified by the International Gemmological Institute (IGI), thus providing you with an independent verification of their authenticity.

colour grading scale												
D	E	F	G	H	I	J	K	L	M	N	O	P
colourless	near colourless		faint yellow		very light yellow							

The colour of your diamond will be validated to at least 'J' on the colour grading scale, and all weights quoted are a guaranteed minimum.

A unique serial number is engraved into each ring, which comes complete with a full certificate.

Certification applies only to rings on page 13.

VIDAL SASSOON

HAIR HYDRATION

moisturise your hair for a brilliant shine whilst reducing frizziness and hair damage

HOW IT WORKS... WITH NEW IONIC TECHNOLOGY

Negative ions cause large water droplets on hair to be broken up into much smaller droplets.

When droplets are smaller, more water is absorbed into the hair, hence hair is dried quicker.

This also adds more moisture to hair follicle, which has a conditioning and smoothing effect.

More light is reflected off a smooth surface, which will therefore make the hair look shinier.

WHAT TO LOOK FOR IN FRIDGE FREEZERS

Look for this logo as a guarantee of energy efficiency. Save power, money and the environment by choosing a more efficient fridge/freezer.

Size Matters:

The capacity of fridges and freezers is measured in cubic feet. For family-sized storage, choose over 8 cubic feet of storage.

Store More:

Choose from flexible fridge storage options such as adjustable shelves,

bottle retainers, extra large salad crispers, or split shelves for tall items. Look for freezers with fast freeze, oversized bins, and pizza drawers. Fresh or frozen?

If you prefer to buy more fresh produce and shop once per week or more, choose a fridge freezer with more refrigeration space than freezer space. If you prefer the convenience of extra freezer space, choose a fridge freezer combination with a 50/50 split.

Product specific

The estimated annual energy consumption of washing machines, tumble dryers and dishwashers is shown in total electricity (kWh/year) and total water (litres) used. The actual energy consumption is based on how an appliance is used, and on a four-person household as follows:

- **Washing machines:** 200 standard 60°C cotton washes. Efficiency and performance based on energy efficiency, washing performance and spin drying performance.
- **Tumble dryers:** 220 standard drying cycles. Efficiency and performance based on energy efficiency.
- **Washer dryers:** 200 standard 60°C cotton washes with and without using the dryer. Efficiency and performance based on energy efficiency and washing performance.
- **Dishwashers:** 220 standard cycles. Efficiency and performance based on energy efficiency, cleaning and drying performance.
- **Refrigeration products:** The energy efficiency class is measured on a scale of A (most efficient) to C (least efficient). The actual energy consumption is based on how the appliance is used and where it is located.

Microwave technology at its best!

This combination oven in stunning stainless steel will add the finishing touch to your kitchen.

What is Inverter Technology:

Panasonic have replaced the heavy bulky components in their Inverter Microwaves with a compact Inverter circuit board.

Advantages of Inverter Technology

- Inverter Microwaves are lighter and there is more usable space inside.
- Inverter Microwaves are powerful (either 900W IEC or 1000W IEC).

Chaos Defrost

Unique to Panasonic, Chaos Defrost gives you fast and even defrosting by using random pulses of microwave energy.

Powerful Quartz Grills

Powerful Quartz Grills offer instant heat and 3 variable settings ideal to grill toast, sausages and chops quickly.

Traditional Baking

The fan assisted Convection oven in Combination Microwaves provides a full temperature range, ideal for cakes, pastries, roasts and Yorkshire Puddings.

Fast Food Fast

The unique TURBO BAKE setting gives extra crispness and browning to pizzas and snack foods. Curry and Chinese Auto programs automatically reheat your meal once the weight is entered.

Your fryer choice with style by

DeLonghi

Living innovation

£84.99

£74.50

50% less oil

As the DeLonghi's 'Rotofryer' system features a unique angled, rotating basket the oil used is 50% less than that of other fryers with a similar capacity. The food is dipped in and out of the oil as the basket turns, which not only cooks the food perfectly golden and crisp, but you save at least 1 litre of oil.

All fryers have the DeLonghi 'Easy Clean System', no lifting or tipping. Once the oil has cooled, place the fryer on drainer, pull out the drain tube and drain the oil back into a container, no funnel required. Pour hot soapy water into the fryer bowl, wiping clean as water drains into sink. Basket and lid dishwasher safe.

WHICH IRON IS RIGHT FOR ME?

All of our household irons use steam to make ironing easier. We tell you clearly the level of steam each iron produces.

MORE STEAM MEANS:

- Less effort.
- Fewer creases.
- Faster results.

THERE ARE FOUR MAIN TYPES OF IRON.

- Steam/spray irons - use a fine water spray to assist when clothes are dry.
- Shot of Steam irons - have a water spray feature and extra burst of steam function to iron through stubborn creases.
- Steam Generators - The ultimate ironing machine - see page 328 to find out why.
- Travel Irons - lightweight and compact, ideal for smartening up clothes when travelling.

KEY FEATURES TO LOOK FOR!

- Standard Steam** - Constant steam level of 0-20g.
- Extra Steam** - Constant steam level of 20-29g, for items heavier and difficult to iron.
- Super Steam** - Constant steam level of 30g+. Exceptionally high level to remove even stubborn creases easily.
- Anti-Scale** - Extends iron life by preventing limescale build-up.
- Anti-Drip** - Stops water dripping from soleplate causing water stains.

WHAT ADDITIONAL FEATURES CAN HELP ME?

- Variable Steam - control how much steam you need.
- Auto Steam - Automatically sets steam level to suit fabric type.
- Auto Shut Off - Turns off iron if left unattended or knocked over.

Make sure it's in store!

Steam irons that won't scale up.

The Rowenta DM 930 has the world's toughest specially strengthened Laser stainless steel soleplate

The quickest way to destroy a steam iron is to fill it with tap water. Unless your iron is a Rowenta with Advanced Automatic Anti-Scale. Tap water, when heated, releases lime-scale. This clogs the iron, leaving chalky deposits on your clothes and reducing its life. But a Rowenta eliminates scale. With its high performance steam output and unique stainless steel soleplate, your Rowenta will glide effortlessly through your ironing year after year.

The standard iron soleplate is covered in scale.

The Rowenta iron soleplate is covered in steam.

10 Rowenta professional DM 930.

WHY BUY A STEAM GENERATOR?

By producing steam in a large separate base tank, high steam pressures are consistently produced.

FASTER
significantly increased steam levels to reduce ironing time.

EASIER
iron the driest, toughest of fabrics with pressurised steam from separate base tank

SIMPLER
less filling due to large separate base tanks

dyson

What makes Dyson different?

Other bagless cleaners rely on filters to hold back the dirt and dust, because they are unable to remove fine dust from the air as effectively as the Dyson. As a result, they can lose as much as 70% of their suction.

Because Dyson Root Cyclone™ technology removes more dust inside the cyclones, it maintains constant suction as it fills with dust, giving you powerful performance room after room.

The cyclone with no loss of suction.

buying ready-made curtains from Argos

measuring for curtains

Step 1

It is always best to fit your track or pole before measuring for curtains. The curtain suspension should be fitted 16cm above the window and extend 15-20cm either side of the window. Have a look at page 416 for our range of curtain tracks and poles.

Step 2

To determine the width of your curtains measure the length of the track or pole but don't include the pole ends. Argos curtains are sold in pairs but the dimensions quoted in the catalogue refer to an individual curtain.

Curtains to fit tracks should be 1.5 – 2 times as wide as the length of track.

Curtains to fit poles should be 1.25 – 1.5 times the length of the pole.

Step 3

To determine the length of curtains decide how low you want them to hang e.g. to the window sill, beneath the window sill or to the floor? Remember Argos curtains are ready-made and you may need to choose to the nearest fit for your window.

Note: If you are suspending from curtain track measure the curtain length from the top of the track. If you are suspending pencil pleat curtains from a curtain pole measure the curtain length from the small ring at the bottom of each curtain ring. If you are suspending tab top curtains from a curtain pole measure the curtain length from the very top of the pole.

TIP caring for your curtains

Although your curtains are carefully and expertly packed, creases and pressure marks are inevitable. However, these will naturally drop out when fitted and hanging.

Curtain tapes

The heading tape on these curtains are suitable for all tracks having three hook positions. Please make sure you tie the cords firmly together at both ends before pulling them up to avoid pulling them through.

Note: For unlined curtains three lengths of curtain linings are available in the Argos catalogue. Use them to help block out light and insulate your room. They also protect your curtains from fading. Simply fix to the heading tape with curtain hooks.

measuring for curtain poles

Most track and poles need to be positioned approx. 16cm above the window frame.

Measure the width of the window making sure you add enough space for the curtains to be drawn back on either side of the window.

Select the pole ends, but make sure there is enough space for them at either end of the pole.

Note: If you are measuring for a venetian blind please add 5cms on to the total length

measuring. This is for when you are fitting the blind.

measuring for blinds blinds for inside the window recess

Most blinds are fitted inside the window recess.

Width: Measure inside the window recess. Make sure you have the correct measurement.

Length: Measure from the top of the window recess to the bottom of the window recess.

All Argos roller blinds are easily trimmed to size and have a spongeable finish. All Argos blinds come with fittings and instructions.

blinds for outside the window recess

Width: Measure the window recess and add approx. 75cm to either side of the recess to allow for the overlap of the blind.

Length: Decide the position of the blind above the window and below window sill. This is the length of blind you require.

Call our help line number 0800 389 0282 for curtain measuring assistance only.

miracoil
SPRING SYSTEM

1 Silentnight Beds Ultimate Sleep System orthopaedic divan.

Medium loft, luxuriously microquilted upholstery, combined with continuous Miracoil spring system, provides independent support right to the edge of the mattress. Spring unit is linked from head to toe to prevent roll together. The un-sprung base provides additional firm support. Features headboard fixings at both ends. Available with or without drawers. **Home delivery only.***

2 Silentnight "Windsor" divan.

Each Miracoil mattress contains a high number of continuous-coil springs, linked from head to toe, giving each sleeper the individual and independent support they need. With twice as many springs as a conventional mattress, the body's weight is transferred up and down, giving the Ultimate bed its "no roll together" characteristic. **Home delivery only.***

3 Silentnight "Napoli" Ultimate divan.

The Miracoil divan set possesses all the key benefits of the unique continuous coil head to toe spring system, generous layers of fillings, carefully selected for their extra resilience and recoverability, and hand tufted with a distinct Belgian damask fabric. With twice as many springs as a conventional mattress, the body's weight is transferred up and down the mattress, giving the Ultimate bed its unique "no roll together" characteristics. The torsion sprung edge to edge technology that is used in the base unit is specifically designed to complement the mattress, providing balanced and responsive support. **Home delivery only.***

What does it mean?

Pre-heat facility – makes your bed cosy before you get in.

Timers – save energy by giving you control of how long the blanket is on for.

Dual controls – ideal if your partner likes a warmer or cooler bed than you.

Machine washable – keeps that “fresh bed” feeling.

Full width – no more cold patches.

Electric showers from only £59.99

TRITON

WHAT DOES IT MEAN?

ELECTRIC SHOWERS

Electric showers connect to the cold water main supply and heat the water from this. They are ideal if you don't want to heat a whole tank of water, but always want a hot shower available. The higher the kilowatt, the greater the flow.

All electric showers on this page contain the following features:

- over temperature cut out.
- temperature control and stabiliser.
- separate on/off control.
- at least 3 showerhead spray patterns.

POWER SHOWERS

Power showers connect to the hot and cold water supplies. They therefore do not heat the water and a heating tank of water is required. They do contain a pump that will boost the water flow. They are ideal for shower cubicles or for a really powerful spray. Professional fitting is recommended.

All power showers on this page contain the following features:

- adjustable maximum temperature control.
- at least 3 showerhead spray patterns.

6 Showerforce white manual power shower.

WHY BUY DIGITAL?

INSTANT RESULTS – view pictures as soon as they're taken and delete those you don't want.

NO WASTAGE – print only the shots you want.

STORAGE – you can print shots or store them on your PC or on CD-ROM.

EMAIL – send your pictures to friends and family around the world.

CREATIVITY – once on PC you can crop images, change colours or add text.

FEATURES TO LOOK FOR:

PICTURE RESOLUTION

The more pixels, the better the picture quality. Below is a simple guide to pixels and their recommended print sizes.

For best results, we recommend photo quality printer and paper. See page 832.

Camera resolution pixels	recommended print size
Below 1 million	Snapshots & e-mail
1-2 million	6" x 4"
2-3 million	7" x 5"
3 million+	10" x 8"

MEMORY

Pictures are stored in memory, measured in Mb (megabytes) – the greater the memory, the more pictures can be stored. Memory can be built-in or contained on removable cards. Three of the most popular cards available are Smart Media, Compact Flash and MMC/SD.

All our cameras connect to PC via USB port and include the necessary software, cable and batteries to get you up and running.

Ask in-store about our digital printing service.

Fuji finepix S602 digital camera
(see cat no 561/9843, page 669)

PIXEL RESOLUTION

The greater the number of pixels the better the picture quality. More information on this is featured to the left of this.

LCD SCREEN

This colour screen on the back of the camera allows you to immediately review your pictures, as well as acting as a viewfinder.

DIGITAL ZOOM

Enlarges a selected area of the image using digital technology. The more the picture resolution is reduced the greater the magnification.

OPTICAL ZOOM

Magnifies the image through the built-in lens, without any loss of optical quality.

MEMORY CARDS

Pictures are stored in memory – measured in Mb (Megabytes). Memory can be built in, or contained on removable cards.

WHAT TO LOOK FOR?

Whether you're following the progress of a growing child, recording those special occasions or simply having fun, Argos has a wide range of easy to use camcorders.

KEY FEATURES

8mm offers 260 lines of resolution and great value – ideal for beginners.

Hi-8 improves on 8mm picture quality with 400 lines of resolution.

Digital 8 – a digital format with 500 lines of resolution. Can play back existing 8mm and Hi-8 tape.

Mini DV – the ultimate digital format – provides superb picture and sound quality. These models are ultra compact and allow easy downloading to PC. 500 lines of resolution.

LCD screen acts as a viewfinder and lets you view recorded action. The size of screen is measured in inches.

Optical zoom allows you to magnify the image without loss of quality.

Digital zoom allows you to magnify specific parts of a picture. However, picture quality is impaired as the resolution is reduced.

Digital still – some camcorders allow you to take still photographs which can be downloaded to PC.

OTHER FEATURES TO LOOK FOR

AE (AUTO EXPOSURE)

pre-set modes for action, landscapes and portraits etc.

PICTURE EFFECTS

examples of these include 'reversing out' images and converting images to black and white or sepia.

DIGITAL EFFECTS

examples include taking stills, fading pictures and even adding old movie atmosphere.

TITLER

lets you add a title to your handy-work.

WHAT DOES IT MEAN?

On a standard 4:3 you might only see this much of the picture.

This means you can't watch widescreen films and broadcasts without losing the edge of the pictures or without unsightly black bars across the top and bottom of the screen.

Get the full picture when watching it on Widescreen! With more and more TV shows and DVDs using the Widescreen format, there's never been a better time to make the change!

Widescreen explained

To help you decide which Widescreen TV is right for you we've explained the key features to look for on the example below:

QUALITY SOUND

3D sound. Creating a 3D sound effect from TV audio.

Nicam. Stereo format which reproduces CD sound quality. You'll need a Nicam VCR to enjoy VHS tapes in stereo.

Dolby. True stereo sound and adds a further 2 channels of sound to create a large, 4-channel surround sound. Some DPL TVs include 2 extra speakers to feed through the extra channels of sound.

Virtual Dolby. Creates surround sound effect using the TV's built-in speakers.

KEY FEATURES CHART

2 heads - mono VCR

4 heads - standard Nicam VCR 2 heads. 4 head improves the quality of freeze frames and recording and playback in extended play mode.

6 heads - a further 2 audio heads improve the sound quality of playback and recordings.

Super VHS - the picture on video recordings is made up of horizontal lines. S-VHS picture is made up of 400 lines - compared to 240 on standard VHS - which gives a superior picture quality.

Videoplus - just enter the reference number of your selected programme (found in most TV listings) and your VCR is set to record.

PDC (Programme Delivery Control) - adjusts the recording time of a programme if the start/finish times change (selected channels only).

Nicam - stereo format which reproduces near-CD sound quality. You'll need a Nicam VCR to enjoy VHS tapes in stereo.

WHAT IS HOME CINEMA?

see page 684/685 for home cinema cables

Put simply, home cinema creates the type of astounding sound effects normally associated with the cinema. By breaking the sound into different channels and directing it through separate speakers, these effects can now be re-created in the comfort of your own home, giving the impression that the action is going on all around you.

Dolby Digital 5.1 surround sound explained

5.1 channels of sound ultimate surround sound

There are 5 main channels and a subwoofer channel. This subwoofer is used for low frequency channels that give the rumble effect from films.

Dolby Pro-logic explained

4 channels of sound ultimate surround sound

Dolby Pro-logic takes ACorn stereo and adds a further 2 channels of sound for a 4 channel surround sound

Standard MiniDisc allows you to record continuously. Even just one CD equivalent in a small, portable disc.

An MD can be used like a standard portable mini-disc - can be connected via USB cable to your PC.

You can then:

① download

② record

③ use

1) DOWNLOAD

The digital contents stored on the disc can be copied to your PC via USB cable.

2) RECORD

Drag and drop music files from your PC to the disc via USB cable.

3) USE

Use your PC to transfer the music files to the disc via USB cable.

All Sony MD products are covered by a 3-year warranty. For more information, visit www.sony-europe.com.

MP3 is a data compression format that allows a large amount of information to be stored in a small amount of space – in terms of music, this means over 10 hours of music as MP3 files can be held on a standard 650Mb CD-ROM. MP3 files can be used to download music from the internet or to compress your own music collection via your PC. To play CDs recorded in MP3 files, you need compatible equipment.

Digital cordless telephones

WHAT DOES IT MEAN?

CLEAR DIGITAL SOUND

No more hissing, crackling, or bad reception. Just a strong, uncluttered signal from your base station to your digital cordless handset.

CALLER DISPLAY

All our digital cordless phones have "caller display", allowing you to see the name or number of the caller before you answer (subject to network connection). Some handset require "caller display" to send and receive SMS messages.

CALL TRANSFER

Our digital cordless multi-handset packages allow you to transfer calls between handsets. Free handset to handset calls using the intercom function.

INCREASED TALK TIME

Digital cordless phones use less power, which means increased talk and standby times over analogue cordless phones.

INCREASED RANGE – UP TO 300 METRES

Use your phone in the garden or anywhere you like within a 300 metre radius.

GREATER SECURITY

With more channels to choose from, digital cordless phones automatically switch to clear frequencies.

MULTI-HANDSET PACKS

Great value for money packages allowing you to have phones in different rooms all from just one telephone socket.

ADDITIONAL FEATURES

Many digital cordless phones offer additional features, similar to those found on mobile phones.

BT Diverse 4016 SMS digital cordless telephone with answering machine.

PDAs MADE EASY

PDAs have smaller screens and fewer keys than a PC and the smallest, running your mobile phone and not connecting to a PC, are the smallest and simplest.

What to look for:

FEATURES

Get more from your PDA with PC links to update information and download results, keeping you up to date when you are.

OPERATING SYSTEMS

If you want to run your PDA in conjunction with your PC you will need a PDA that can run the same operating system as your PC. For Windows.

DOWNLOADED FROM THE INTERNET

Get your PDA to suit your needs by adding new applications such as a dictionary, map or TV.

Many PDAs can be upgraded, download software from your PC or the web to improve their functionality.

WIRELESS CONNECTIVITY

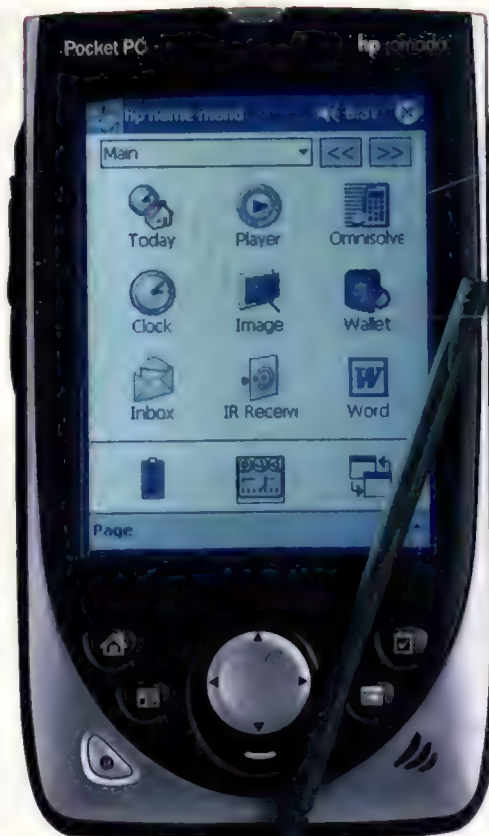

Use an infra-red port or cable you can find easily and access the internet from anywhere using a compatible mobile phone or modem.

ACCESSORIES

Improve the functionality of your PDA with some of the accessories on page 110.

16 Day Guarantee Exclusion.

These products can only be returned under the Argos 16 day Money Back Guarantee if they have not been activated. This does not affect your statutory rights.

EMAIL

e-mail

Some support can be used to receive email information with the included software to help you set up an email account.

COLOUR DISPLAY

colour display

Most PDA displays are monochrome. A PDA with a colour display is a great option for those who need to see colour information.

PLUG 'N' PLAY

plug-in modules

They make it easy to add more functionality to the PDA. Get more out of your PDA with a variety of modules. They are a great way to add more functionality to your PDA.

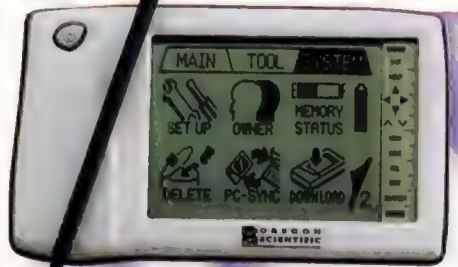

MEMORY

64Mb memory

The larger the memory the more information you can store. A 64Mb memory is a great option for those who need to store a lot of information.

ALL-IN-ONE
MACHINES
MADE EASY

All-in-one printers are ideal for all offices where where space is at a premium. With one machine to do the job of three, you can save space and still get the best of all three worlds.

Just like an ordinary printer, Lexmark X75 has a high resolution print head.

Things to look for:

COLOUR SCANNING

A flatbed scanner has a flat sheet of glass to lay your pictures, book or magazine on for accurate scanning.

A sheetfed scanner accepts sheets of paper with using rollers. This takes up less space meaning these all-in-ones are ideal for smaller offices.

FAX FACILITY

Some all-in-ones have the facility to send and receive faxes.

SCANNING PROFILES

Some all-in-ones have the facility to send and receive faxes.

Some all-in-ones have the facility to send and receive faxes.

CHOOSING AN OFFICE CHAIR TO SUIT YOU

It's difficult to concentrate and potentially damaging to your health when you're not sitting comfortably. Selecting the right chair for your needs will help maintain your focus and allow you to get the most out of your home office.

The more time you use it, the harder your chair should work for you. When you're working from home a lot, it's important to choose a chair that enables you to vary your position, whilst relieving the pressure off your thighs, and providing you with the necessary lumbar and neck support.

micromark

UK's No. 1 for Home CCTV

Closed Circuit TV (CCTV) systems are becoming increasingly popular for home security, allowing you to:

- See and hear visitors to your door
- Monitor your property
- Keep an eye on your children

Micromark's systems are simple to install, with no electrical wiring needed - they simply connect to your existing TV via the scart socket.

Each product is supplied complete with all the necessary fixings (including 17m cable*) and easy to follow installation instructions. All the cameras are weatherproof and suitable for indoor and outdoor use. All black and white systems come with LED's to improve close up vision at night. There is also the option to capture the picture on tape by connecting through a video recorder. Note that these are complete kits - additional cameras cannot be added.

- * 2 x 17m of cable with 701/5373 and 2 x 20m cable with 701/4697.
- * 1m cable with 701/5397 for power connection.

View CCTV pictures on your own TV!

What does it mean?

PIR (Passive Infra Red) Sensor - detects warm moving objects in its range and triggers the CCTV system to activate

Auto-VCR Starter - when movement is detected by the PIR sensor, the CCTV system sends a signal to the VCR for it to record the view from the camera

Pressure washers - ideal for cleaning cars and patios

Don't forget your accessories

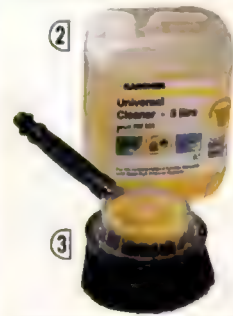

1 Kärcher K110 pressure washer. 1100 watt motor giving 110 bar maximum pressure and 100 bar rated water pressure. Water delivery rate of 300 litres per hour. Features a 4m high pressure hose, a lance with a two way nozzle providing a high pressure jet or a low pressure jet for cleaning with detergent. Auto start/stop. Compatible with the full range of Kärcher accessories.

£69

Our pressure washers are ideal for cleaning a vast array of surfaces from garden furniture to motor vehicles.

Delivering up to 25 times the water pressure of a standard garden hose, you can tackle those tough jobs like blasting away old paint and rust from gates and ironwork.

When choosing a pressure washer, generally, the higher the water pressure (bar), the quicker it will clean. For added versatility choose a model with variable pressure and for convenience, a model with wheels makes portability much better!

2 Kärcher universal cleaning detergent. 5 litres of Universal Cleaner, great for removing traffic film from cars, and stubborn dirt from windows, patios, conservatories, and around the home.

cat no 750/5924

£8.99

3 Kärcher rotary wash brush. An innovative rotating brush powered by water pressure alone. Connected to the trigger gun of a Kärcher pressure washer, the soft bristles dislodge stubborn ground in dirt, enhancing the cleaning application. Provides enhanced cleaning performance. Ideal for cleaning cars, windows, fencing, conservatories, garden furniture and more.

cat no 750/5931

MP3 technology

is ideal for in-car products as it allows a large amount of tracks to be stored on a single CD, this means over 10 hours of music MP3 files can be held on a standard 650MB audio CD ROM (the equivalent to a 10 disc bootchanger). Reduce the number of CDs in your car and the frequency in which you need to change them.

How do Rio toners work?

When exercising, small electrical nerve signals stimulate the muscles to contract. Rio toners mimic these signals to simulate exercise. This no-impact, passive exercise has been used by beauty therapists for more than 30 years to effortlessly shape waists, thighs, hips, bust, arms, etc. wherever you need it. Noticeable results can be achieved after 2 weeks of daily use for 45 minutes.

10 **£49.95**

Frequency information:

It is not possible to run two or more vehicles next to each other if their operating frequencies are the same as this may cause incorrect responses from the vehicle/handset. Both the Radical Machine and Motorcross bike are available in 27MHz or 40MHz. To use these vehicles together please ensure at the collection counter that the frequencies are not the same. Operate away from areas which can cause radio interference e.g. power lines, tall buildings and main roads. Avoid sand and wet surfaces. Read all the instructions and ensure fully charged before using your vehicle.

If any item is returned under the 16-day money back guarantee the free items must also be returned.

welcome to the

Shopping at Argos is easy – you'll find everything you need to know on the following pages. What's more, whichever way you prefer to do your shopping Argos can help!

in-store

just follow the 4 steps below

(1) SELECT

You can browse the catalogue in the comfort of your own home or browse at one of the **catalogue points** in-store.

(2) CHECK STOCK

You can check whether your local store has stock of your choices before you even set foot in it! You can either **"Ring & Reserve"** by calling 0870 600 1010 or **"Click & Collect"** by visiting www.argos.co.uk. You can also check stock at every catalogue point in-store by using our **Stock Checkers**.

(3) PAY

Either at the till or at one of our new **Quick Pay** kiosks (available in a selection of our larger stores).

(4) COLLECT

Your receipt will tell you which collection point you will be able to collect your goods from. If your local store has our **"Call Forward"** system we'll make an announcement when it's ready, meaning you can browse while you're waiting.

most furniture usually delivered within 14 days!

Not only do we usually deliver your furniture within 14 days, (usually within 28 days for all leather furniture), we also have 2 great services to make choosing your new sofa or suite as simple and hassle free as possible:

free swatch service

Want to make sure your new sofa will match your wallpaper? call **0870 241 0268*** and order as many swatches of fabric as you like free of charge! We've got over 230 to choose from, so the only difficult part will be deciding which one you like the most. **Lines are open between 8am and 8pm Monday to Friday, between 8am and 5.30pm weekends.**

16 day in-home trial

Want to check it looks as good in your home as it does in your catalogue? Use our free 16 day in-home trial. If it doesn't get the thumbs-up from the whole family, just call. We'll pick it up and give you a full refund, no questions asked.

We'll deliver anything in the catalogue to any room provided drivers do not feel there are any health and safety issues such as a staircase which is too narrow or there is a danger of damage to the customer's property. Home Delivery excludes rings and personalised jewellery. We regret that the Argos Direct service is not available in outlying areas such as the Channel Islands, Isle of Man, Orkney and Shetland. Some stores will deliver to the Scottish Islands, please make enquiries in your local store. When ordering, please have your catalogue numbers, full delivery address (including post code), daytime contact number and your payment card details to hand. Calls cost less than 8p per minute with BT. Calls may be monitored or recorded for security and training purposes. Most goods are despatched to you from our regional distribution centres and some bulky items are despatched directly from our suppliers. The delivery items quoted will be dependent on whether stock is available. Your local store may have stock of non bulky/heavy goods, but these are only available for collection from the store.

spread the cost of whatever you want!

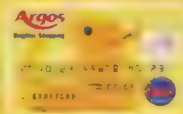

take the interest 'Opt-Out' Plan when you spend over £195

The Argos card is the best way to shop at Argos. You can choose to spread the cost of whatever you buy, and you'll get up to 56 days to pay for what you bought, without being charged interest. You can also take advantage of our interest 'Opt-Out' plan when you spend £195 or more in one go. If you want to avoid paying any interest at all, then all you need to do is settle the amount due before the end of the 'Opt-Out' period. We'll write to remind you so you have plenty of time to pay the balance.

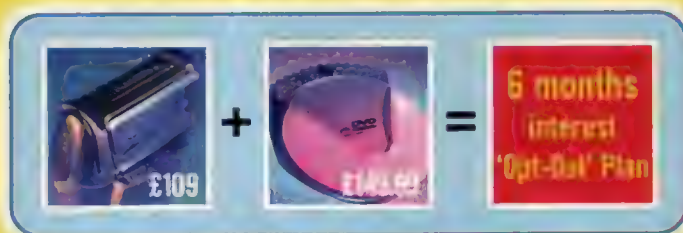

Plus you'll also earn 5 Premier Points for every £1 you spend.

Of course if it suits your circumstances, you can choose to spread the cost over a longer period at an APR of **25.9%**. The interest will be applied to your account from the date of the original transaction.

You can choose from 3 different card designs. When you apply, you can also choose whether you want to get exclusive card holder offers in your statement.

here's how easy an
interest 'Opt-Out' plan is to get

here's how it works

If you spend £200 on your Argos card, you'll automatically get a 6 month interest 'Opt-Out' plan. (Please note longer periods may be applicable on selected products). Your monthly statements will ask for a minimum payment of 5% of the outstanding balance. If you pay this plus the final payment at the end of 6 months, you won't be charged interest. If you choose to spread the cost over a longer period, the interest is charged at 25.9% APR from the original date of the transaction. If you choose to settle your 6 month interest 'Opt-Out' plan within say 12 months, the total cost would be £239.68 and if you choose to only ever pay the 5% minimum, the total payable would be £290.98 (25.9% APR variable). Written quotations available on request. Subject to status. Ask for details. Credit is provided by ARG Card Services Limited.

to apply in-store

Call the number below or call into store, taking with you 2 of the following IDs: cheque guarantee card and full UK driving licence or a utility bill showing your address (dated within the last 3 months).

Plus Premier Points

Reward yourself every time you shop with your Argos card by collecting Premier Points – 5 Points for every £1 you spend – which you can use to treat yourself at Argos.

Premier Points are only redeemable for items.

ways to pay

You can pay for your purchases with Argos Card, American Express, Argos Gift Vouchers, Cash, Cheques, Choice Vouchers, Corporate Link Card, Creditcharge (Argos Personal Account Card), Delta Card, Electron Card, High Street Vouchers, Mastercard, Premier Points Card, Provident Vouchers, Solo Card, Style Card, Switch Card or Visa.

Argos Card Transactions Ltd processes all debit, credit and charge card payments for customers and will retain a handling fee of 2.5% of the transaction value where a card is used to purchase goods or services (except Argos Corporate Link Card). The remaining amount will be paid to Argos Ltd for the goods and services supplied. The total amount payable by all customers regardless of means of payment will be the same.

your 16 day money back guarantee

We want you to be totally satisfied with every purchase you make from Argos. It is our aim to offer you value and quality at outstandingly low prices. So if, for any reason, you are not completely happy with your purchase, simply return it within 16 days of purchase, unused in its original packaging together with the receipt, to any Argos store. We'll exchange it or offer you a full refund and that's guaranteed! Some products are excluded from the 16 Day Money Back Guarantee and are clearly marked in the catalogue. Our After Sales Care and Repair Services will offer you even more peace of mind consistent with our obligations in respect to your statutory rights (which remain unaffected). Our 16 day money back guarantee and any separate manufacturer's guarantee promoted with your purchase complement these services.

quality and safety assured

Our Quality Assurance department ensures that all our products are tested, usually by independent laboratories, to comply with strict safety regulations. The following symbols are used throughout the catalogue or on product packaging/instructions, to reassure you of the quality and safety of our products.

The Lion Mark is a recognised symbol of toy safety.

Complies with European Safety Standards.

Electrical products which have been independently tested and factory inspected.

Furniture - fire safety.

Energy efficient product.

Furniture - glass safety.

be kind to your environment

Use your local recycling points to dispose of all your packaging waste, particularly cardboard boxes which can be flattened and recycled almost anywhere.

- most recycling points will take old catalogues too
- try to reuse plastic carrier bags, but when you are finished with them, make sure they are disposed of safely.

OUR LOWEST PRICE

is used to identify our lowest priced product in relation to a certain product category or sub-category (promotional offers excluded).

OUR BEST SPEC

is used to identify our highest specification product in relation to a certain product category or sub-category (promotional offers excluded).

important bits

Sometimes product specifications from the manufacturer change, in such instances we'll do our best to offer you a similar alternative. All our sizes and measurements are approximate but we do try to make sure they are as accurate as possible. On the rare occasion when there is an error in the catalogue, we will do our best to inform you at the earliest opportunity when you order. Our in store catalogues will always be amended to reflect any major changes. Sometimes we may experience problems with the supply of certain products and may therefore provide a substitute of the same or better quality at the same price. If you are not happy with the replacement you can return it under our 16 Day Money Back Guarantee. Where applicable, you may cancel your order in accordance with your rights under the Distance Selling Regulations (see page 1113 for details) and we will collect the item free of charge. Our products have been selected for domestic use only, so if you're planning to use them for business purposes please make sure you are covered by the appropriate insurance. All prices are shown in £'s sterling and are valid at the date of going to print but may vary during the life of the catalogue. VAT is currently 17.5%. This catalogue is valid until the launch of the Spring/Summer 2003 catalogue and supersedes all previous catalogues. All products are subject to availability.

Items identified in this catalogue as having a "new lower price" have been reduced in price from the last catalogue in which they appeared.

Items featuring this symbol are packed flat for home assembly.

data protection

Argos Limited, a company incorporated in England, is a member of the Argos Retail Group ("the Group"). The Group ("we", "us") includes Argos Limited, ARG Card Services Limited, ARG Personal Loans Limited, GUS Home Shopping Limited and Jungle.com Limited and their associated companies from time to time. A list is available on request from the Data Protection Compliance Manager, Argos Limited, Universal House, Devonshire Street, Manchester M60 6EL.

use of your personal information

We may give information about you as follows:

- to companies and organisations whose products we provide to you, eg. product, home and motor, financial and travel services
- to fulfil our agreement with you, including administering any accounts, processing and obtaining payment;
- to analyse and profile your shopping preferences so we can review, develop and improve the services we offer, and provide you and other customers with relevant information through our marketing programme. We may use this information to automatically select and tailor products or services appropriate to your particular preferences. We may use it to inform you (by mail, telephone, e-mail, text message or otherwise) about products and services (including those of other companies and organisations) which we consider may be of interest to you. We may also give it to other companies or organisations to use in the same way for their marketing. When you provide Argos Limited with your information you will be given the opportunity to say if you do not wish Argos Limited to use or share it for marketing,
- for fraud prevention and detection;
- to administer any prize draws or competitions you may enter.

credit applications

If you apply for credit we will search your record at a credit reference agency/agencies who will supply us with information including information from the Electoral Register. Information held about you by the credit reference agencies may already be linked to records relating to one or more of those with whom you are or have been financially linked or associated. For the purposes of this application you may be treated as financially linked and your application will be assessed with reference to any "associated" records. They will add to your record details of our search and your application. We will also add to this record details of your agreement with us, and the conduct of your account. This information and information from associated records and/or those with whom you are linked financially will be seen by other organisations carrying out later searches. We may give details of your account and how you manage it to credit reference agencies. If you do not repay in full and on time, we may tell credit reference agencies who will record the outstanding debt.

We will check your details with a fraud prevention agency/agencies and if you give us false or inaccurate information and we suspect fraud, we will record this with the agency/agencies. We and other organisations may use and search these records to:

- help make decisions about credit and credit related services, for you and those with whom you are associated and/or financially linked;
- help make decisions on motor, household, credit, life and other insurance proposals and insurance claims, for you and members of your household;
- trace debtors, recover debt, prevent fraud, and to manage your accounts or insurance policies;
- check your identity to prevent money laundering, unless you furnish us with other satisfactory proof of identity.

We the credit reference agency/agencies and the fraud prevention agency/agencies may also use their records for statistical analysis about credit, insurance and fraud.

From time to time we may search our records and those of credit reference agencies and fraud prevention agencies so that we can manage your account and take further decisions about credit. These searches will not be seen or used by other lenders for credit assessment purposes.

We may use automated decision making systems when assessing you for credit and for fraud prevention.

disclosure of your personal information

We may give information about you to companies and organisations whose products we provide to you, eg. product, home and motor, financial and travel services as follows:

- to other companies and organisations to administer any prize draws or competitions;
- to our agents and employees to do any of the above things on our behalf;
- to anyone to whom we transfer our rights and duties under our agreement with you;
- if we have a duty to do so or if the law allows us to do so.

We may also monitor and/or record your telephone conversations to ensure consistent service levels, to prevent/detect fraud, and for training purposes.

In carrying out the activities specified in this section, we may transfer data outside the European Economic Area to countries which may not necessarily afford the same level of protection regarding the use of your personal information.

white goods

Customer Satisfaction Guarantee - we want you to be totally satisfied with all your large domestic appliances purchased from Argos Limited. Please make sure that you check them carefully before the delivery driver has left your home and before they are used and installed. If, after checking your appliance, you are not completely satisfied, for any reason, the products will be taken back by the delivery driver. You may either receive a full refund or have a replacement product delivered. Please note that all large domestic appliances are excluded from our normal 16 day money back guarantee, but our after sales care and repair services complement your statutory rights which, of course, remain unaffected. If you have ordered by telephone or the internet you have a statutory right to cancel your order under the distance selling regulations. See home shopping section for more details. For other important information see page 1112.

home shopping

Under the Distance Selling Regulations, you have a right to cancel your order for any home delivery item (excluding items purchased in store) for a full refund. This does not apply to items personalised or made to your specification; audio/video recordings or software that you have unsealed; items such as earrings and cosmetics that cannot be returned for hygiene reasons; perishable goods e.g food, flowers and periodicals/magazines. To cancel, write to us (see page 963 for details) within seven days of delivery of your item(s) quoting your order number. You must take reasonable care of the item(s) and must not use them. Item(s) may be returned to any Argos store, or we can arrange collection free of charge. You may cancel an order for services in the same way, within seven days of the date of purchase, unless the services begin sooner. You may not cancel accommodation, transport or leisure services which occur on a specific date. Note: The Distance Selling Regulations do not apply to Financial and Insurance Services.

insurance through Argos

Argos arranges the insurance products included in this catalogue with various insurers and, apart from home insurance (see below for further information), Argos acts as an agent for the insurers. Details of the insurance products, including the insurers that provide them, are given below and can also be found in the relevant in-store leaflet. Home insurance is arranged through GUS Home Shopping Ltd with Royal & Sun Alliance. GUS Home Shopping is part of the same group of companies as Argos and is a member of the General Insurance Standards Council.

If for any reason you are not satisfied with the service you receive in respect of these products in the first instance please contact the insurer shown in the in-store leaflet. If you are still not satisfied then you can contact the Insurance & Travel Services Dept, Argos, Avebury, 489-499 Avebury Boulevard, Saxon Gate West, Central Milton Keynes, MK9 2NW. For Home Insurance please contact Insurance Services at Universal House, Devonshire Street, Manchester, M60 6EL in the first instance.

breakdown cover

Protect your purchases against the cost of mechanical breakdown - if it breaks, just call the number we give you and we'll arrange for the item to be repaired or replaced - it's that simple!

Argos breakdown cover extends the cover given by the manufacturer's warranty to a period of 3, 4 or 5 years on the majority of electrical items above £150. The period of cover includes the manufacturer's guarantee as well as accidental damage cover in the first year. A list of prices and items that can be covered can be found in our in-store leaflet together with full terms and conditions. (Also on our website or by calling the number below). In most cases breakdown cover is shown in this catalogue next to the items that can be covered.

Cover can be purchased in-store, through Argos Direct or within 30 days of purchase by calling 0870 608 7201.

Register for FREE Accidental Damage Cover for the first 12 months - this is available for all items that can be covered by our breakdown cover (except camcorders, PCs or products for business use) call 0870 608 7201 to register.

During the lifetime of this catalogue new regulations relating to consumer guarantees may come into force - if this happens we may amend our breakdown cover accordingly. We will tell you about any such changes when you make your purchase. Argos breakdown cover does not affect your statutory rights and is available on products bought and used in the UK, Isle of Man and the Channel Islands and is governed by English Law. Certain exclusions do apply (e.g. deliberate damage or use by someone other than a family member) and the cover is transferable with the permission of the insurer. Cover is provided by Cornhill Insurance PLC, a member of the General Insurance Standards Council (GISC).

You will be sent a policy certificate after purchasing the cover. If you wish to change your mind after reading the policy we offer a full refund of your premium within 30 days of purchase provided that you have not made a claim. Argos has undertaken to comply with the British Retail Consortium Code of Practice (Extended Warranties on Electrical Goods) a copy of which is available in store.

mobile phone cover

Full terms and conditions for our mobile phone cover can be found in our in-store leaflet. Valid receipts for your phone and insurance must support all claims. All claims will be subject to a £10 excess charge - applied before the replacement voucher is issued. Mobile phone cover is provided by certain underwriters at Lloyds and administered by BIAS Insurance and Administration Services Ltd.

pet insurance

The terms and conditions are set out in full in the policy document, a copy of which is available on request. Argos pet insurance is provided by Petwise, underwritten by Lexington Insurance Company and the policy is administered by Inter Group Insurance Services Ltd. (IGIS). See above for details of insurance through Argos.

financial services

Argos credit applications

Where you apply for a storecard, ARG Card Services Limited will make a credit search against your name. Where you apply for a personal loan, ARG Personal Loans Limited will make a credit search against your name.

home insurance

If you apply to spread your premium payments, we will make a credit search against your name, as set out under "Credit Applications." If you take out a policy with us then your details will be passed onto the relevant insurer who we will disclose to you at the time of purchase.

travel services

travel insurance

The terms and conditions are set out in full in the policy document, a copy of which is available on request. Single trip cover for £10.99 is based on standard cover in Europe for an individual for 5 days. Cover is only available to UK residents and is governed by English law unless the insurer agrees otherwise. Argos travel insurance is provided by AIG Europe (UK) Ltd. and the policy is administered by Inter Group Insurance Services Ltd. (IGIS).
